Myton City would like to remind residents that City Ordinances 94.01-94.07 – Items Not Allowed in Right-of-Way has been in effect since March 2016. While this ordinance has been in place for several years, the City will begin consistent enforcement of its provisions effective September 1, 2026.

Items Not Allowed in Right-of-Way

No person shall leave or store any recreational vehicle, boats, trailers, dumpsters, obsolete equipment, or similar items in the public right-of-way or within ten (10) feet of the travel surface for more than seventy-two (72) continuous hours.

Residential garbage containers used for scheduled trash pickup may not remain in the public right-of-way or within ten (10) feet of the travel surface for more than twenty-four (24) continuous hours.

To provide residents with ample time to comply, Myton City is issuing this advance notice before consistent enforcement begins. We encourage all residents to review their property and remove or relocate any items that may not meet the requirements of the ordinance before October 1, 2026.

The purpose of this ordinance is to help keep our streets safe, maintain clear rights-of-way, improve visibility for motorists and pedestrians, and preserve the appearance of our community. The City appreciates your cooperation and your efforts to help keep Myton a safe, clean, and welcoming place for everyone.

If you have questions about Ordinance 94.01-94.07 or are unsure whether your property complies, please contact Myton City Hall. We are happy to answer your questions and provide clarification.

Thank you for your cooperation and for helping maintain the safety and appearance of our community.
